

***Business Lease Consultants, Inc.***

*• New and Used Equipment Financing •*

**Who are our customers?**

We pride ourselves on our ability to assist farmers (of all types) and farm-related business people find financing solutions that best meet their business needs. Our commercial customer base is also very important to us and includes:

- Car Wash and Trailer Wash Businesses
- Lawn Care & Landscaping
- Over-the-Road Haulers (both ag & commercial)
- Medical Equipment
- Route Truck Sales

## GET READY FOR SUMMER!

Although Summer is not set to arrive until June 21, for many of us the temperatures are already feeling like summer has made an early arrival! It's the time of year when farmers are busy preparing the land, planting their crops and the growing season gets underway! It's also that time when many commercial businesses gear up for the busy summer months.

Section 179

As mentioned in our February 2015 newsletter, the Section 179 limit was once again reduced on January 1, 2015, to \$25,000.00 with no bonus depreciation available for the year. As of this date, there has been no activity in this area and the amount remains at \$25,000.00.

What can your business do in these uncertain tax times? BLC may be able to help you find a solution. Give us a call if you have a financing need!

## Check out our Financing Programs!!

Business Lease Consultants offers a variety of financing options to get you the best pricing for the particular item that you are looking to acquire. Our programs include:

- Convertible Program—we have the option to allow a one-time rewrite of a lease in the event Section 179 is reinstated to it's larger amount
- Harvest Program—Delay of Payments. With a percentage advance payment, you can acquire the equipment you need when you need it (during production) and delay your annual payments until you have the cash (after harvest). Payments can be delayed from 2 to 9 months.

Contact your BLC representative when your business has the need for equipment, vehicle or building financing!

Your BLC Representative:

Jennifer-Berkis Kemmerer  
PO Box 2130  
Sinking Spring, PA 19608  
Phone: 800-743-3009  
FAX: 610-775-1607

## Trade Shows

BLC representatives actively participate in various summer shows as well as the occasional vendor open houses and field days.

Coming up in August, we have two of our biggest shows of the year!

*August 11-13, 2015—Empire Farm Days, Seneca Falls, NY*

*NOTE: Starting this year, BLC has a new location! We will be exhibiting in one of the main tents located at each end of the show grounds.*

\*\*\*\*\*

*August 18-20, 2015—Pennsylvania Ag Progress Days, State College, PA*

## Looking to Attend an Auction?

Financing for auction purchases is available through Business Lease Consultants.

If there is a particular item that you are interested in, give your BLC rep a call and let them know what you are interested in, the auction company, date of auction, and how much you would like to be approved for.

Upon approval, BLC would issue you a letter to take to the auction indicating your approval amount.

If you are the successful bidder, BLC will work with you and the auctioneer on finalizing the transaction and coordinated your pick up of the item.

### FUN AGRICULTURAL FACTS: (source: [www.randomhistory.com](http://www.randomhistory.com))

Bananas are the #1 fruit crop in the world. They are the 4th largest overall crop, after wheat, rice and corn. They grow in more than 100 countries on farms. India grows more bananas than any other country. The Phillipines, China, and Ecuador are the next 3 top producers of bananas.

More than 6,000 different kinds of apples are grown around the world. The biggest producer is China, followed by the United States, Iran, Turkey, Russia, Italy and India.

The average cow produces 7 gallons of milk a day, 2,100 pounds of milk a month, and 46,000 glasses of milk a year.

Pigs, a common farm animal, are thought to be the 4th most intelligent animal, after chimps, dolphins, and elephants.

In 1954, the number of tractors on farms surpassed the number of horses and mules for the first time.
